Forecast for Friday 10 Jun 2022

Weather: Dry with clear spells overnight. Then a mainly sunny start but cloud bubbling up through the morning with a few showers developing towards midday. The showers are expected to become heavier and more frequent through the afternoon, with a small risk of thunder, before largely dying out through the evening.

Chance of cloud-free hill tops above 700m: Around 75% for a time through the late morning, otherwise around 90%.

Low cloud and visibility: Occasional cloud developing around 450m towards mid-morning but rising above the summits by midday with only small amounts of cloud, mainly in association with showers, below the summits in the afternoon. Away from cloud visibility very good falling briefly in showers.

Meteorologist's View

Gusts around 55mph over ridges and summits through the afternoon and feeling rather cool on the summits despite some strong sunshine. Valley temperatures around 18C in east.

Forecast for Saturday 11 Jun 2022

Weather: Some clear spells at first but cloud increasing overnight to leave a mostly cloudy morning with showers developing, the showers perhaps merging to give a longer spells of rain around midday. Becoming brighter from mid-afternoon with sunny spells but still the risk of a few showers.

Maximum wind: Southwesterly around 30mph, with gusts around 55mph over ridges and summits, turning more westerly and easing 20-25mph through the afternoon.

Chance of cloud-free hill tops above 700m: Around 25% until early afternoon then improving to 90% through the rest of the afternoon.

Low cloud and visibility: Periods or persistent cloud above 600-750m across the south and west through much of the morning, becoming just small amounts below the summits through the afternoon. Away from cloud visibility good or very good falling to several kilometres in rain and very briefly in showers.

Temperature: **Valleys:** Around plus 10 Celsius at dawn rising to plus 16 or 17 Celsius by early afternoon.
At 700m: Around plus 8 Celsius.
Freezing level: Above the summits.
